RESPONSE TO RESTRICTION REQUIREMENT

Assistant Commissioner for Patents  
Washington, D.C. 20231

Dear Sir:

In response to the January 26, 2001, written restriction requirement, applicants hereby elect Group I (i.e., claims 1-17) with traverse.

However, applicants submit that all groups of invention identified in the outstanding office action are closely related and, therefore, would require common areas of search and consideration. No benefit is derived from maintaining the restriction requirement, and, therefore, this restriction requirement should be withdrawn.

In view of the foregoing, applicants submit that the claims of Groups I and II should be examined on the merits at this time.

Respectfully submitted,

Date: February 28, 2001
